SWEET X TROUBLE

I have always been bad with relationships.

Like that time..., my breakup with my first girlfriend,

and the blame was all on me.

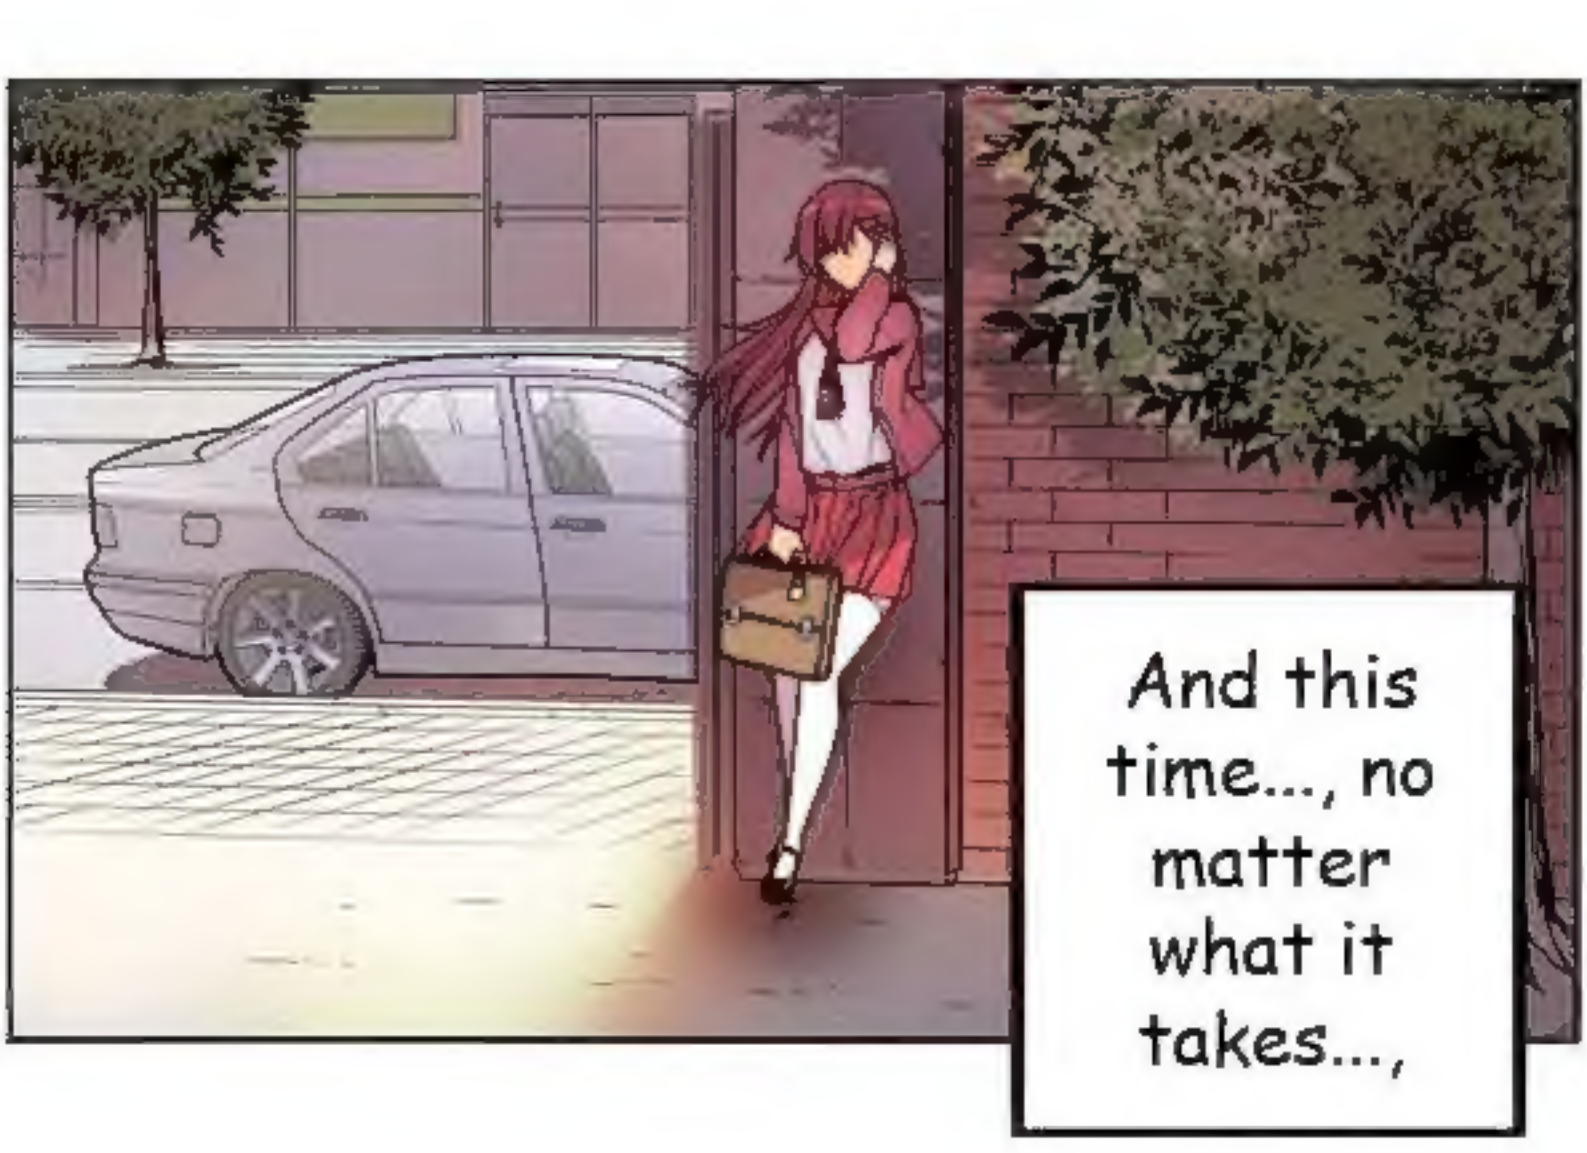
The reason behind it was dumb but she still made a big deal out of it...,

Seriously oppa, I am tired of dating you!!

You don't call me, kakao me or even invite me to go on a date, it's like i'm the only one invested in our relationship!!

And then she broke up with me, before I could explain myself to her, that I wanted to give her her own personal space since that's what I assumed girls wanted.

It's been two years since then.



And this time..., no matter what it takes...,

With my new girlfriend, I will never ever do anything to make her hate me!

이 미소녀가 여자친구!?

You are finally done classes? Let's walk together Jin Soo~

This is my girlfriend, the "unobtainable flower" Song Mina, who is also a year older than me.

Oh,

sure.

She is the most perfect being I have ever known.

Hehe, come closer! Actually- would you like to go on a date?

I'll even pay for it all~!

You have no right to say no~

I have 6 free tokens for that game at the arcade, so let's go there after we eat...

I, Hyun Jin Soo, thank every god in every religion for pairing this divine goddess to a lowly insect like myself.

Soda

Her unmatched looks,

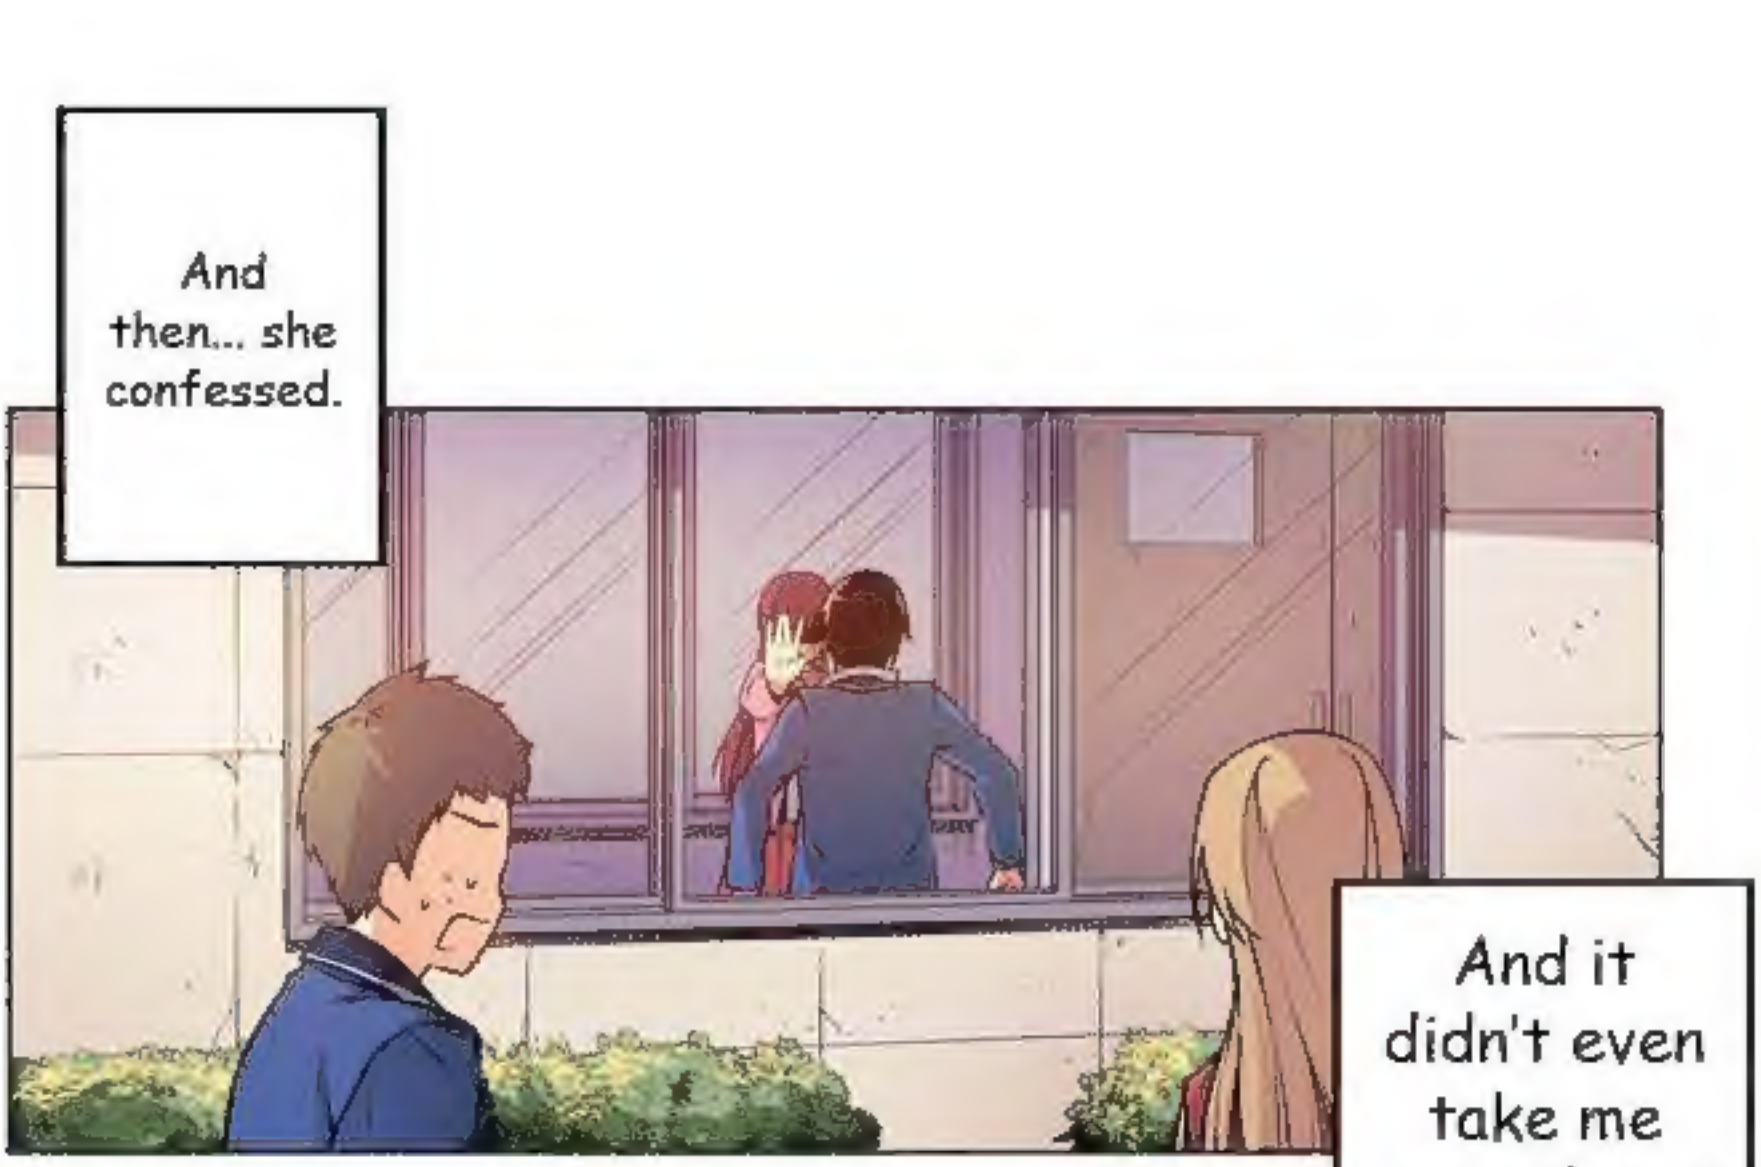
Her academic scores being the highest in her class,

With all these traits combined, it's hard to even consider her as a human.

And to top it all off, she even has her own fanbase and fan website...

To think that...
She made the first move.

And she even used the legendary "hands against the wall" technique. For someone like me.



And then... she confessed.
And it didn't even take me more than 8 seconds to accept her confession.

Even with my passive personality, it seems like she still has fun with me. It's almost like, I am living in a endless dream.

She, is so perfect in every aspect, she even beats me in my favourite game. Isn't she some kind of robot designed by a group of geniuses?

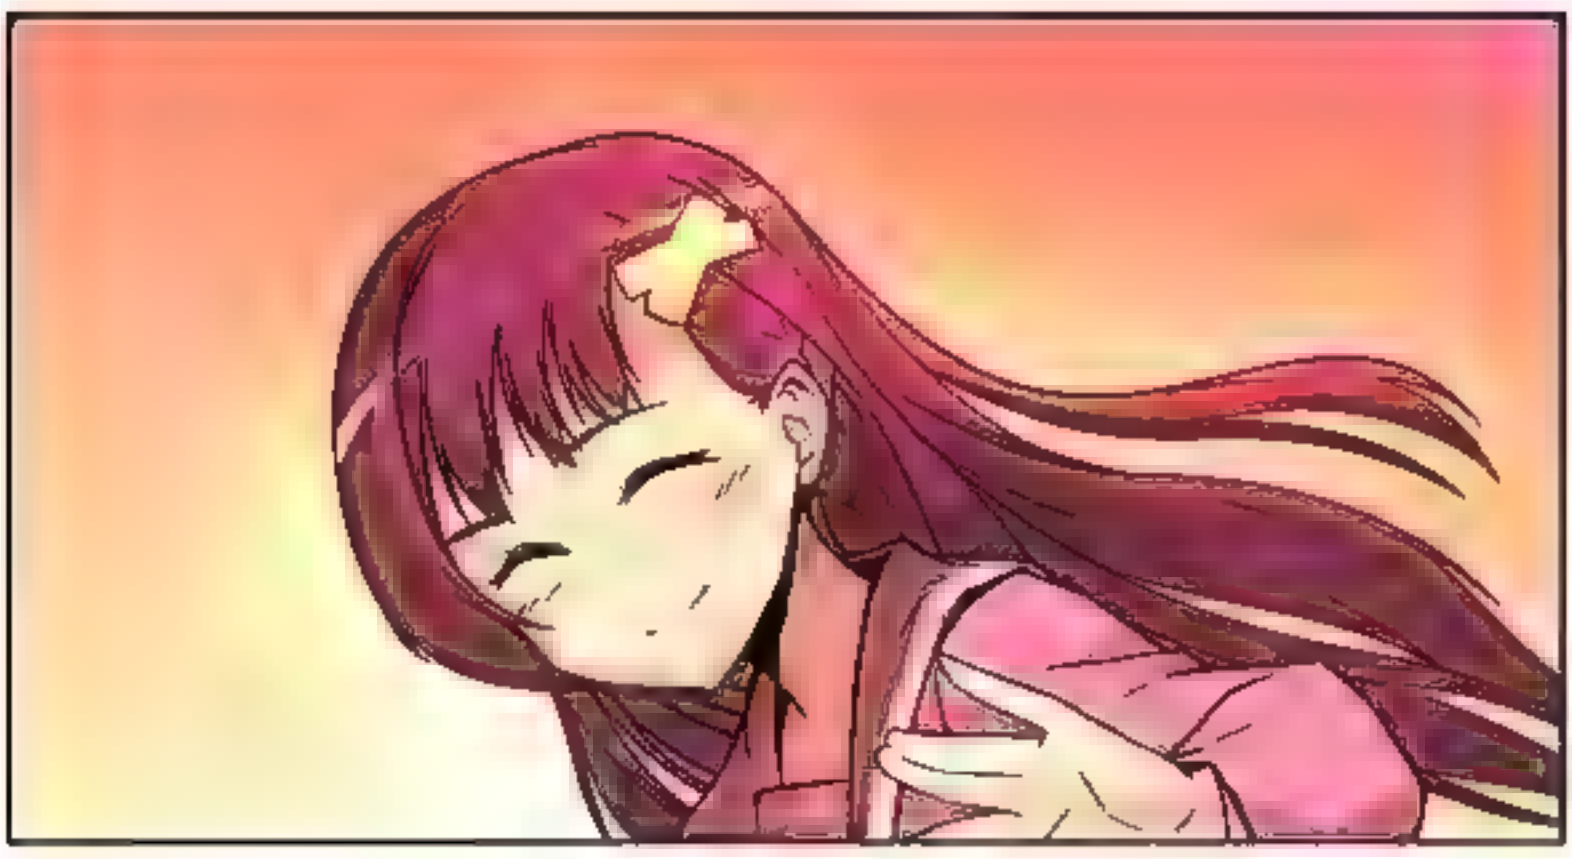
Even though we have been going out for four months, we still haven't gone further than linking arms.

Did you have fun at the arcade, Jin Soo?

I sorta got bored at the 6th round.

Um, are you feeling okay?

Yea, why do you ask...



While she is gone, I should prepare to take our relationship to the next level.

I wonder what her lips taste like.

Excuse me.

Are you a "loner" by any chance?

Who is this weird girl?
Tell me.

Are you one? Because I am one too!

Me? Well.. Wait, why do you even ask. ?

Since we are both loners-in-arms, let's take some time to introduce ourselves!

Wait, why are you talking like that, are you crazy?

Nope! And here's my introduction! The name's Kyung Eun Ha.

I am a third year in middle school So that makes you my senior. Oh right,I am also an assassin.

Well, aren't you going to introduce yourself?

What did she say? Assassin?

How sad...

Because of her Chuunibyo* delusions, her classmates probably ignored her and that caused her to become a loner in school

*Look it up if you don't know~

Oppa- call it a women's intuition, but I sense that...

you are thinking about something really rude.

HOLY SHIT SHE READS MINDS??

This is the first time anyone's ever spend time with me... are you trying to pick me up?

HUH!?

WHY WOULD I!?

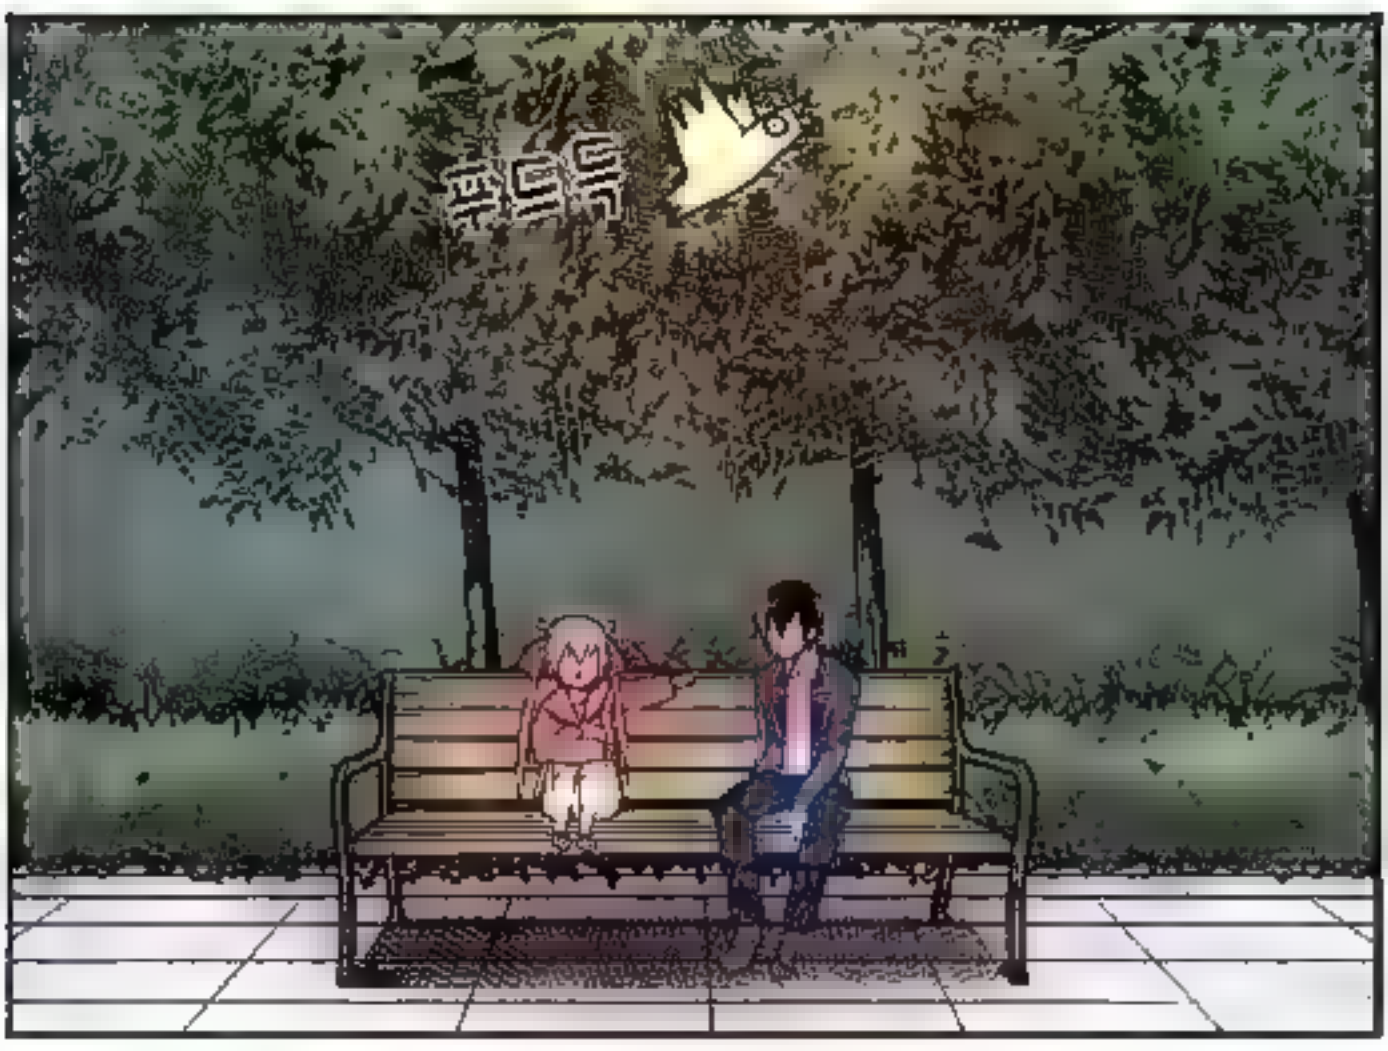
It's nice to have some company now and then.

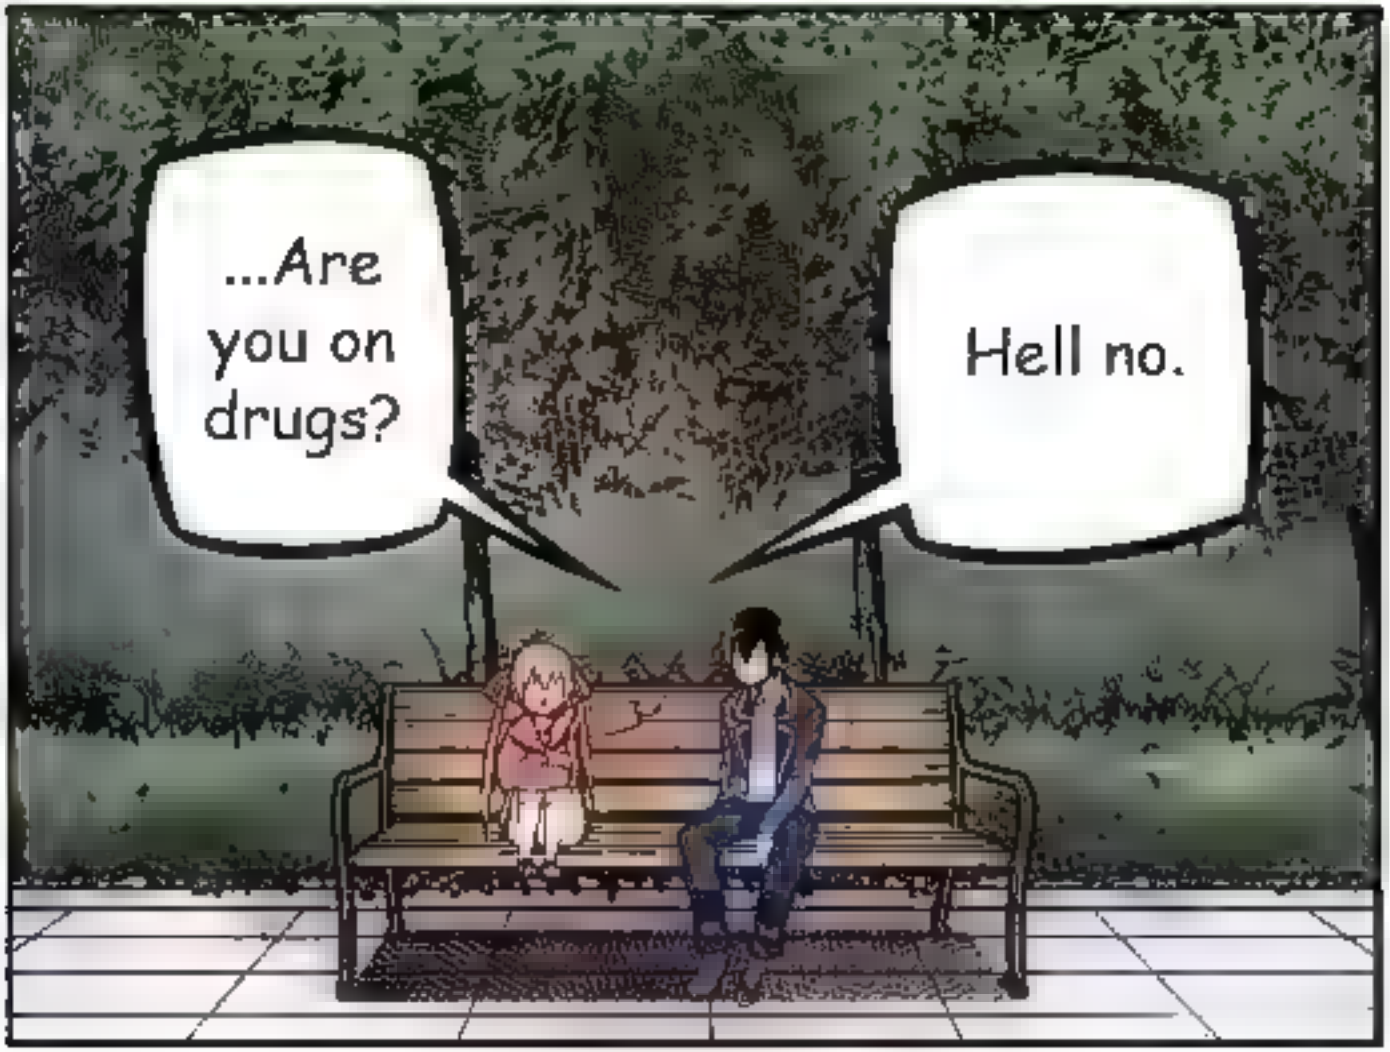
... To be truthful, I am a loner. Because of my commitments towards my superiors,

I cannot sincerely enjoy a fulfilling school life.

Oh, and just so you know...,

I WOULDN"T MIND GETTING INTO A MOTEL WITH YOU!!





...Are you on drugs?
Hell no.

Hey, hey, I already said enough didn't I? Isn't it your turn now?

No.

You introduced yourself on your own!!

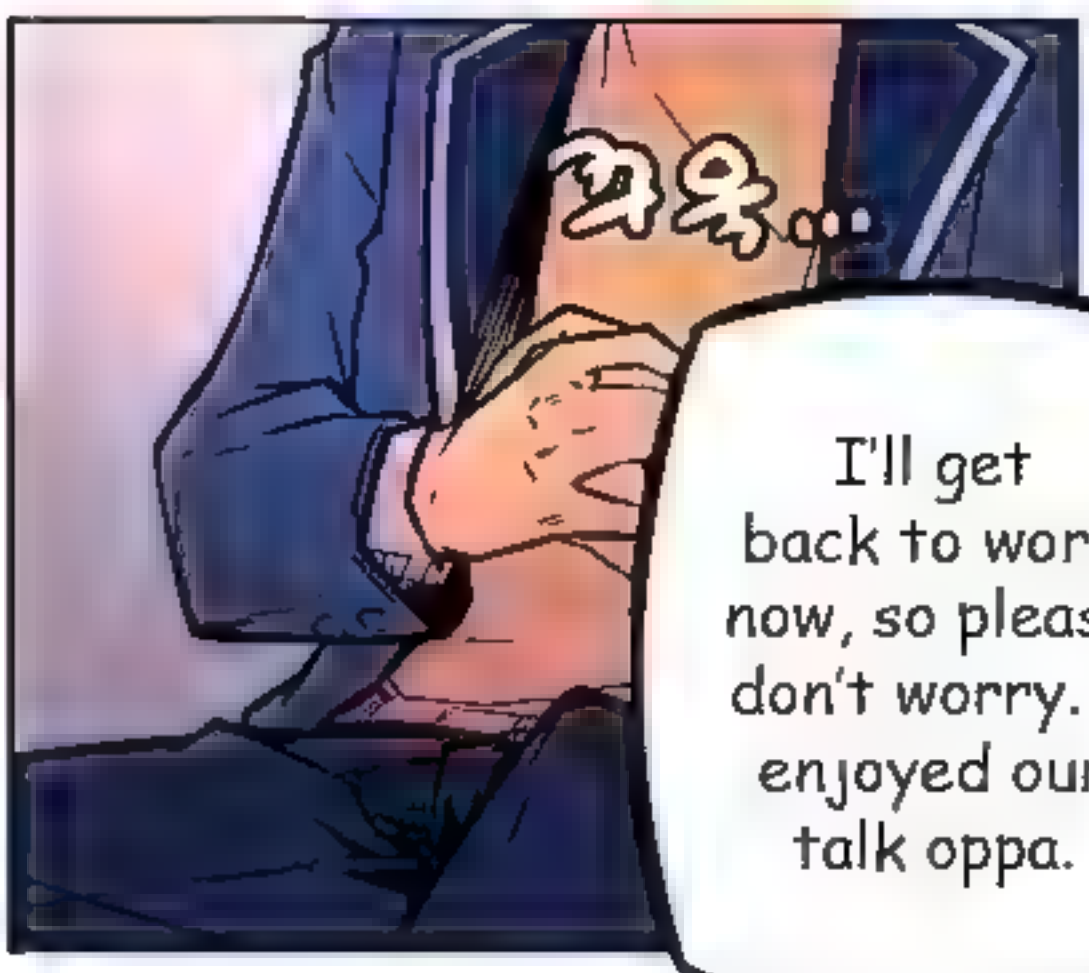
It's too late now, so shouldn't you make it even?

Does this even make sense to you?

Could it be that you actually hate me being this inquisitive?

Actually, I feel like I have taken things to far. Sorry for being overly friendly for someone you just met.

You must hate me right?



I'll get back to work now, so please don't worry. I enjoyed our talk oppa.

But before I go, couldn't you at least....

... tell me your first name, since it's not much. Consider it a humble request from a dumb girl like me.

To be honest...,

두근

I don't really hate you,

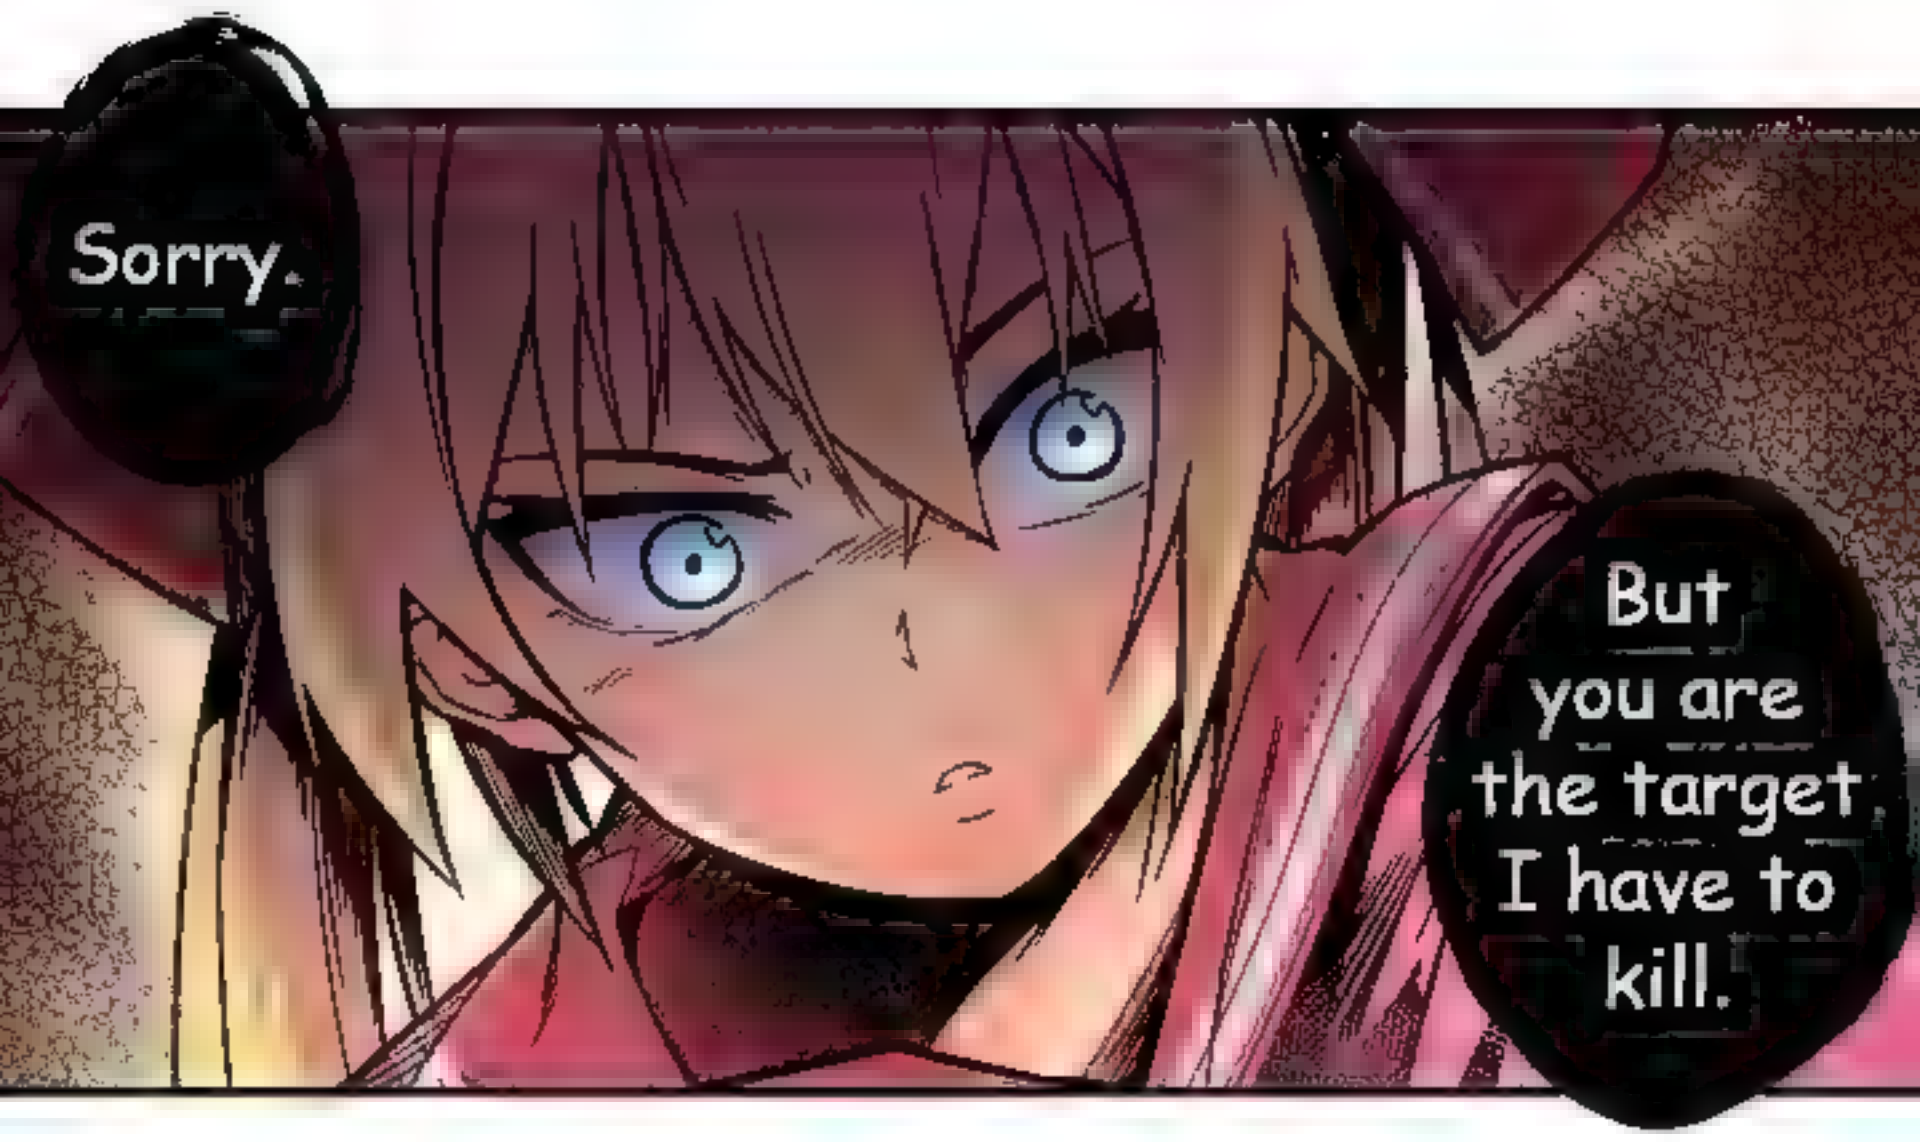
I was a little shocked considering someone I didn't know approached me and started a conversation with me, you know...?

But I am glad you approached me and introduce yourself, it made me happy.

My name is Jin Soo. I came here with my girlfriend...,

아아

But she's not...,



Sorry.
But you are the target I have to kill.

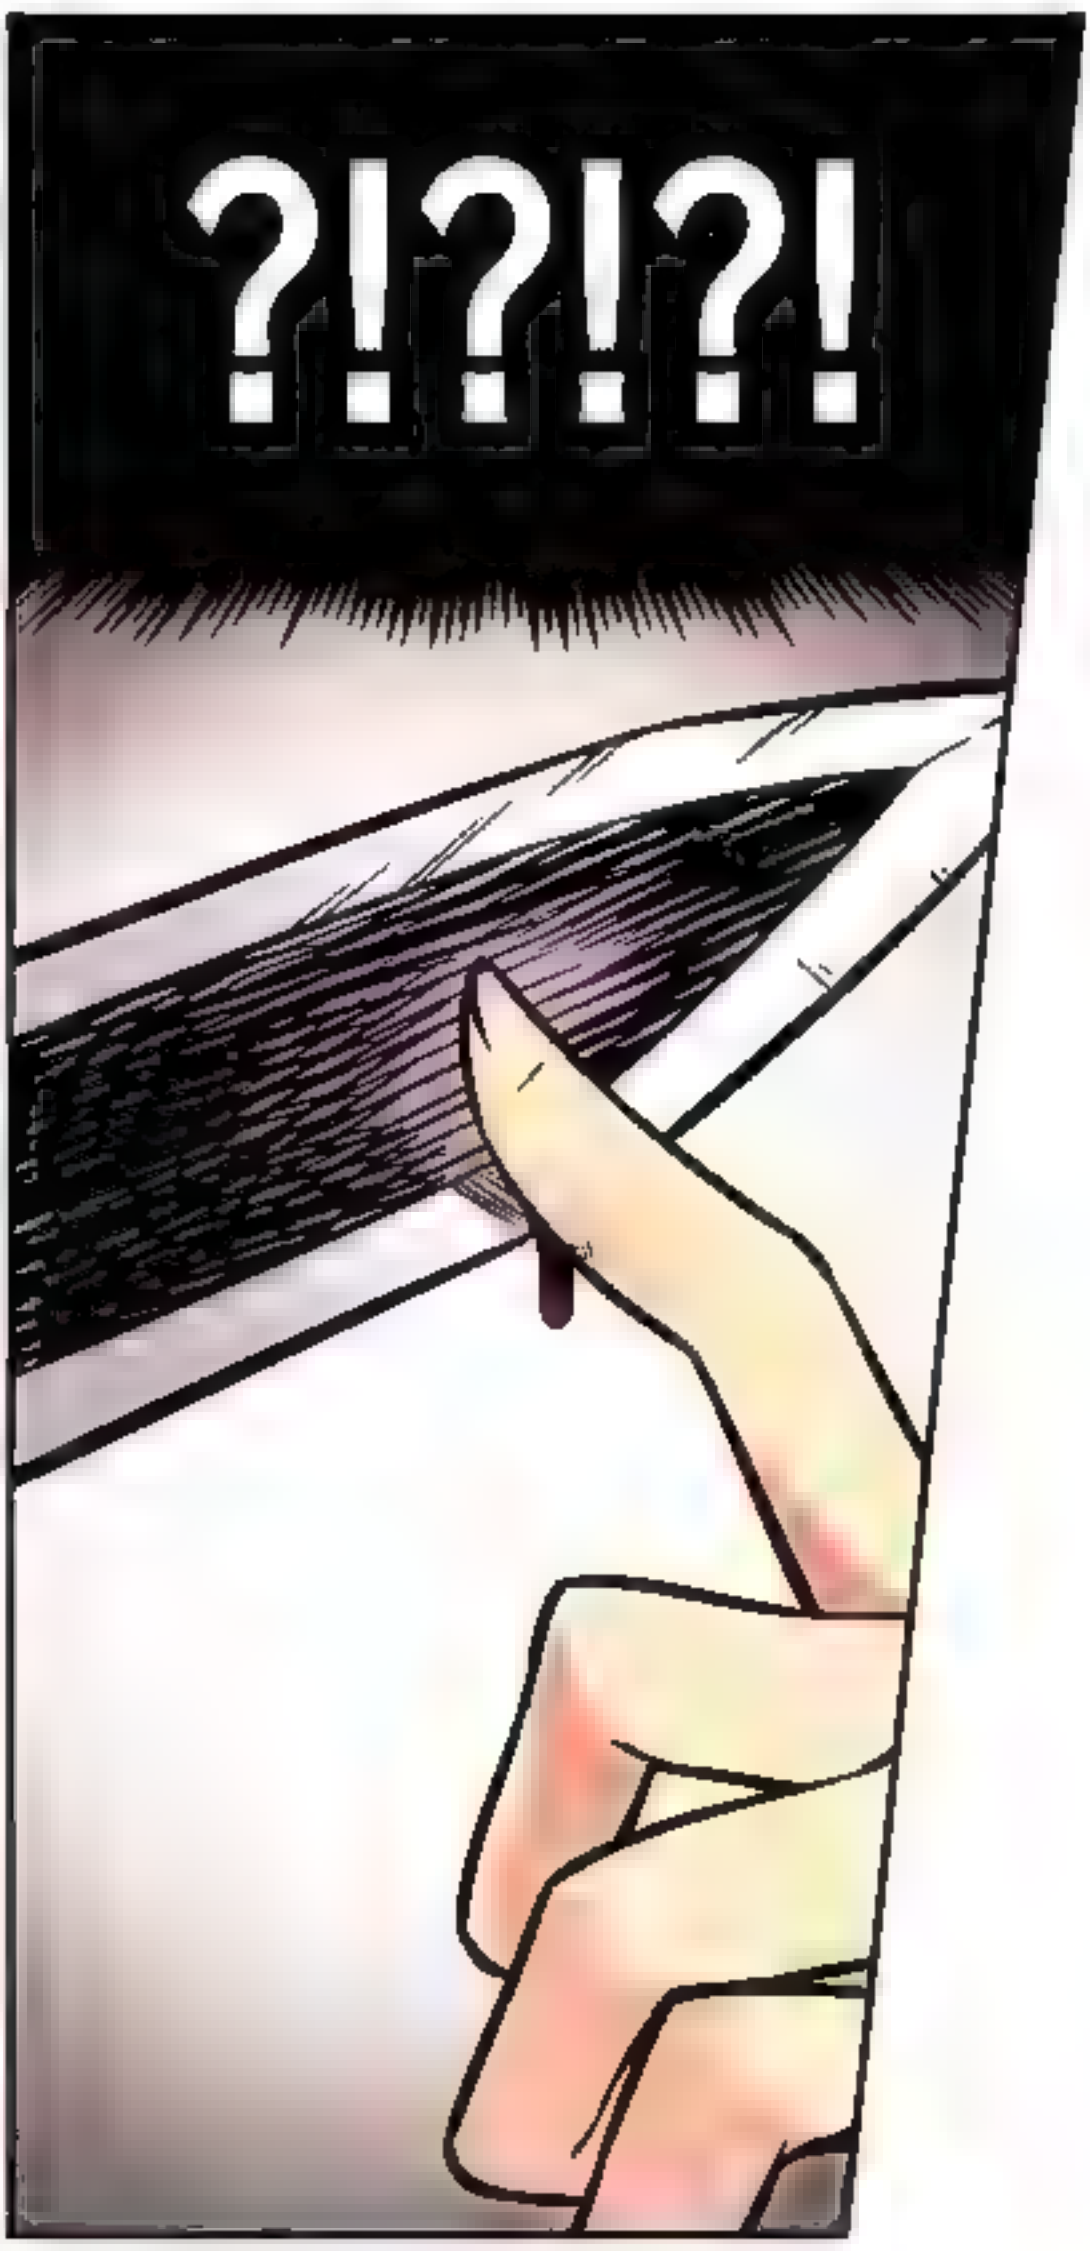
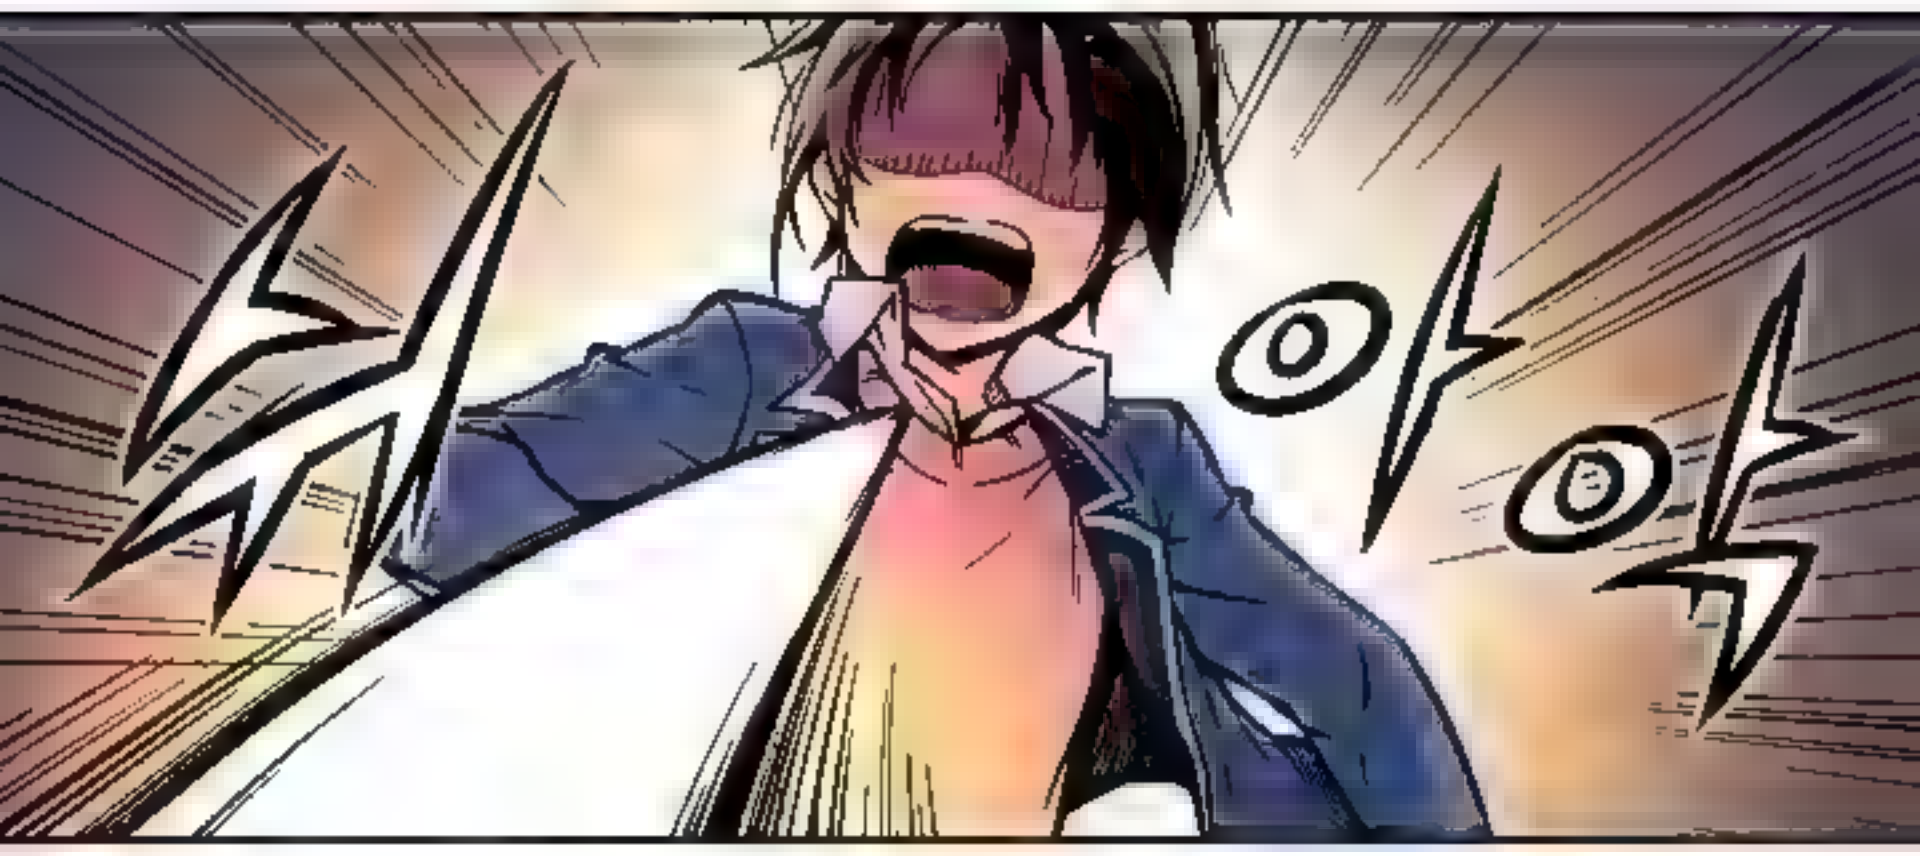
She got...,
A toy?



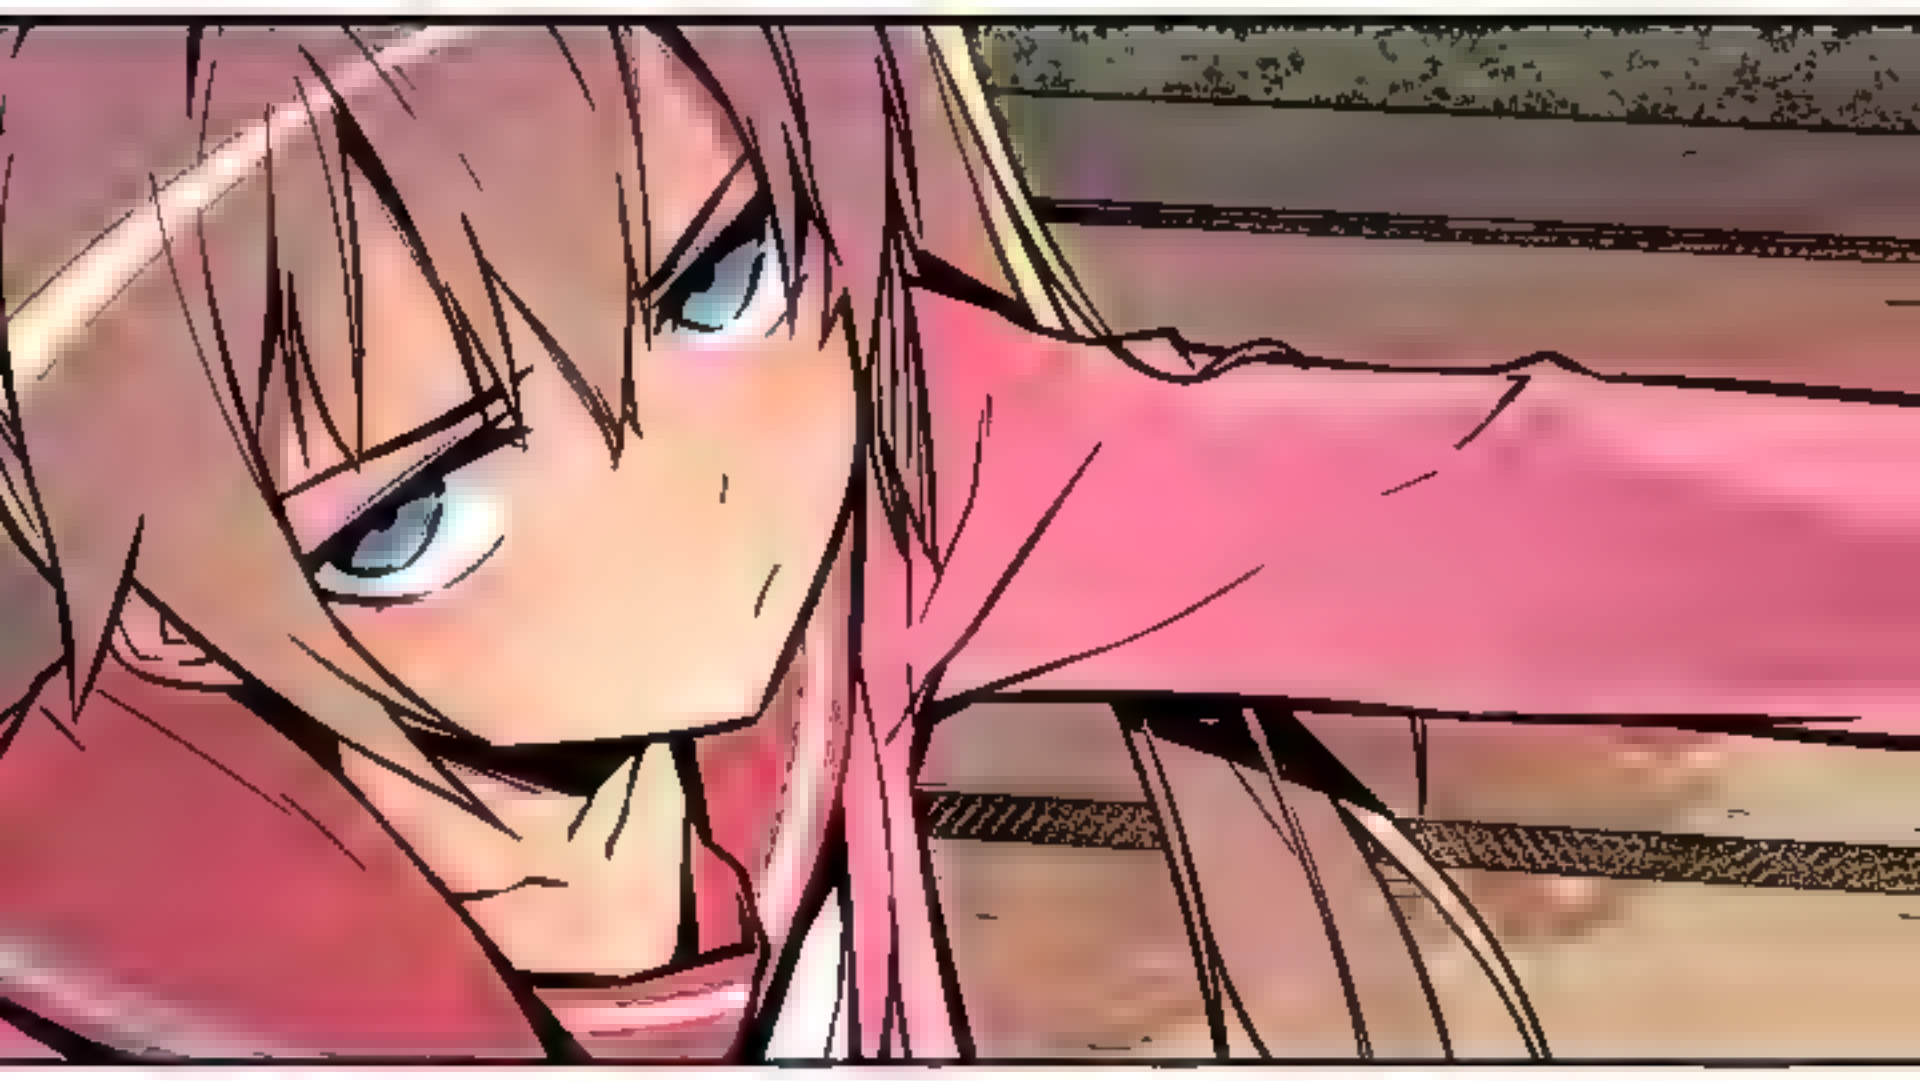
Forgive me in heaven, oppa.

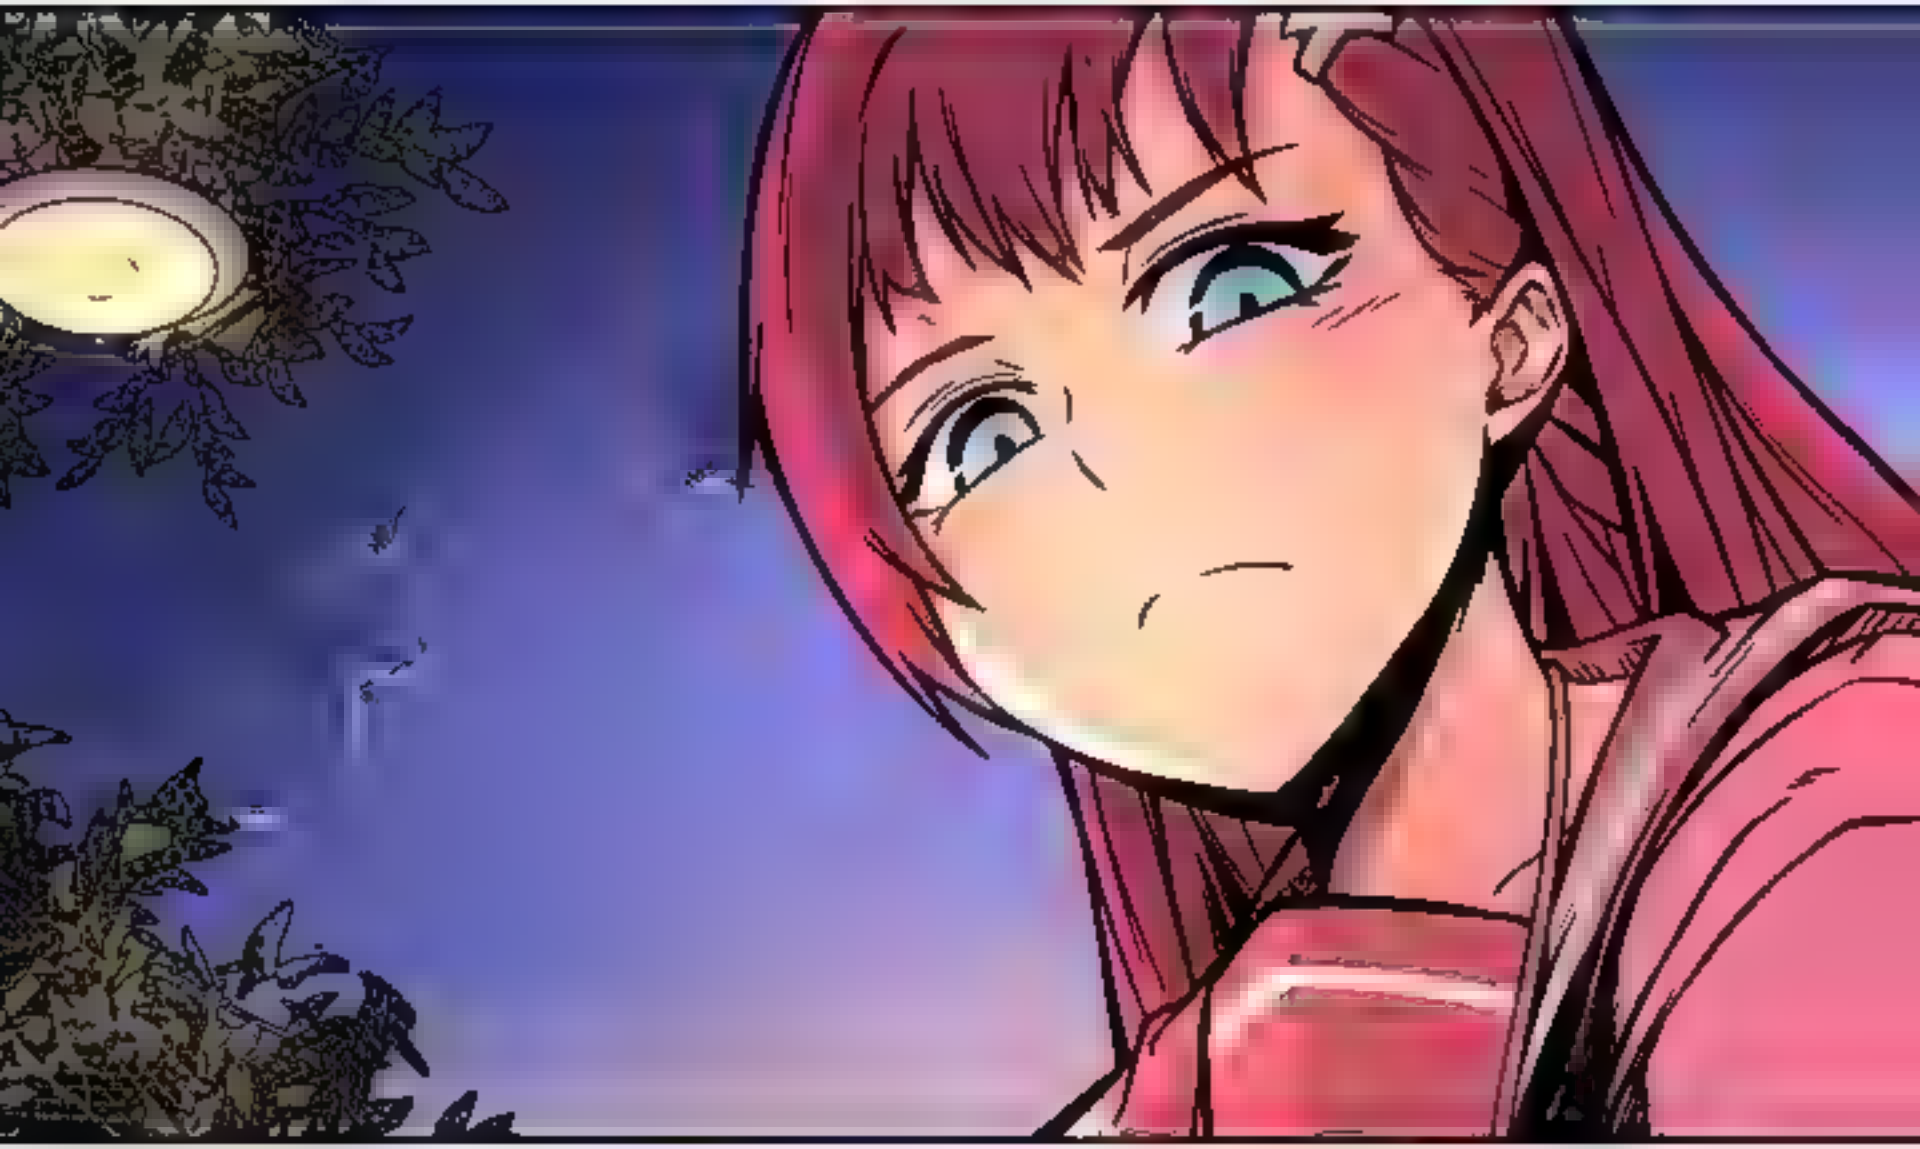


...?
Seriously...,

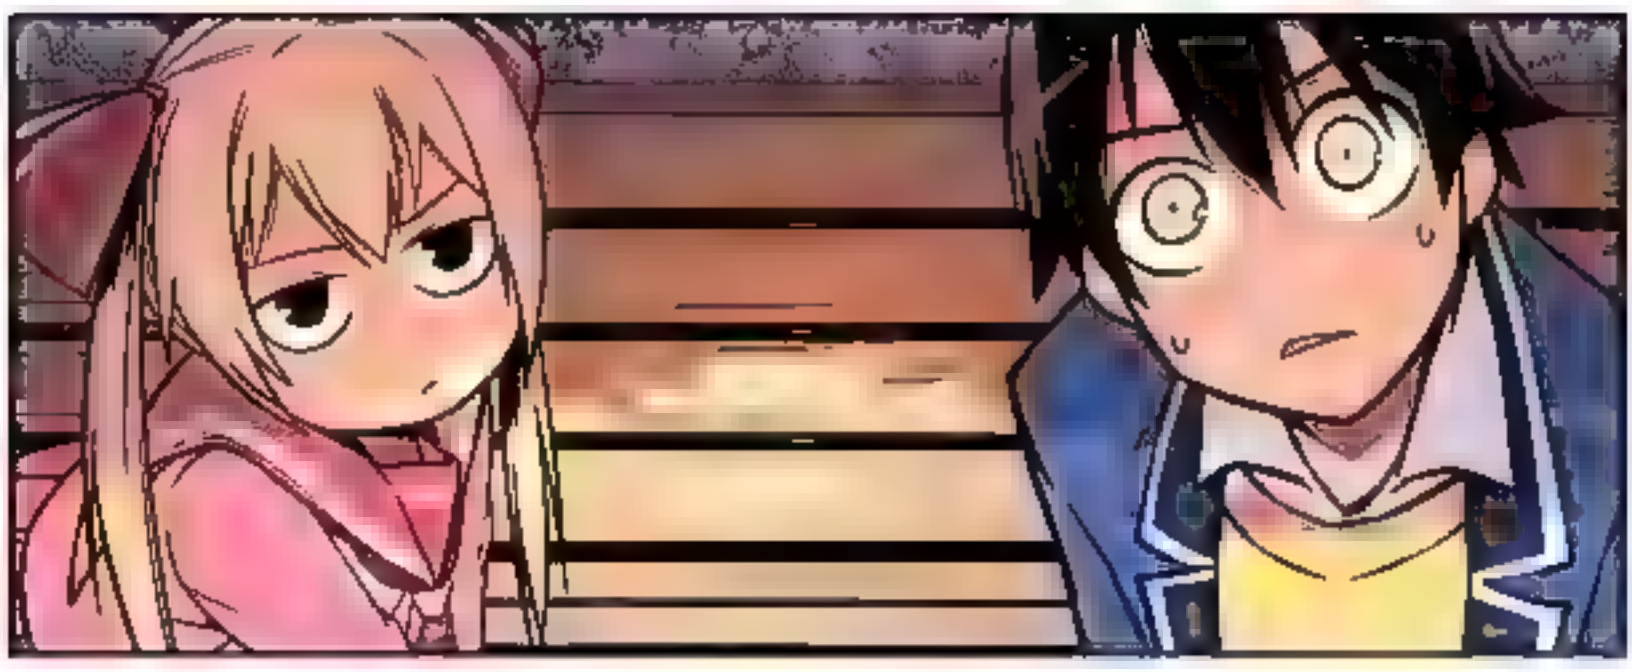
I TURN MY BACK FOR A MINUTE AND YOU DO THIS,
HE IS UNDER MY PROTECTION!

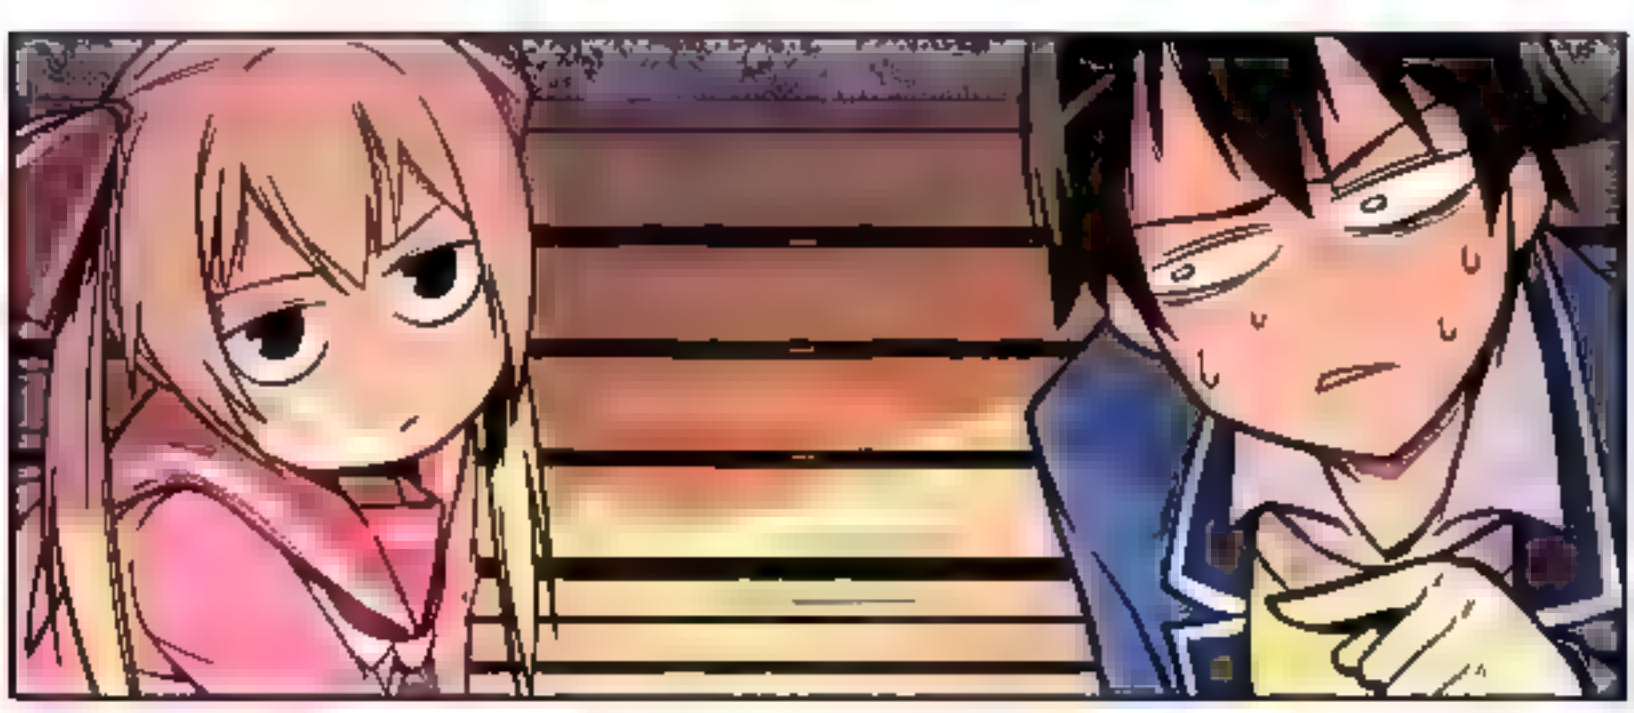
EUN HA!!





Do you even realize what you are doing right now, unnie...?
Wait...





Unnie...?

Seriously, what is this crazy girl even saying...

HIKU!

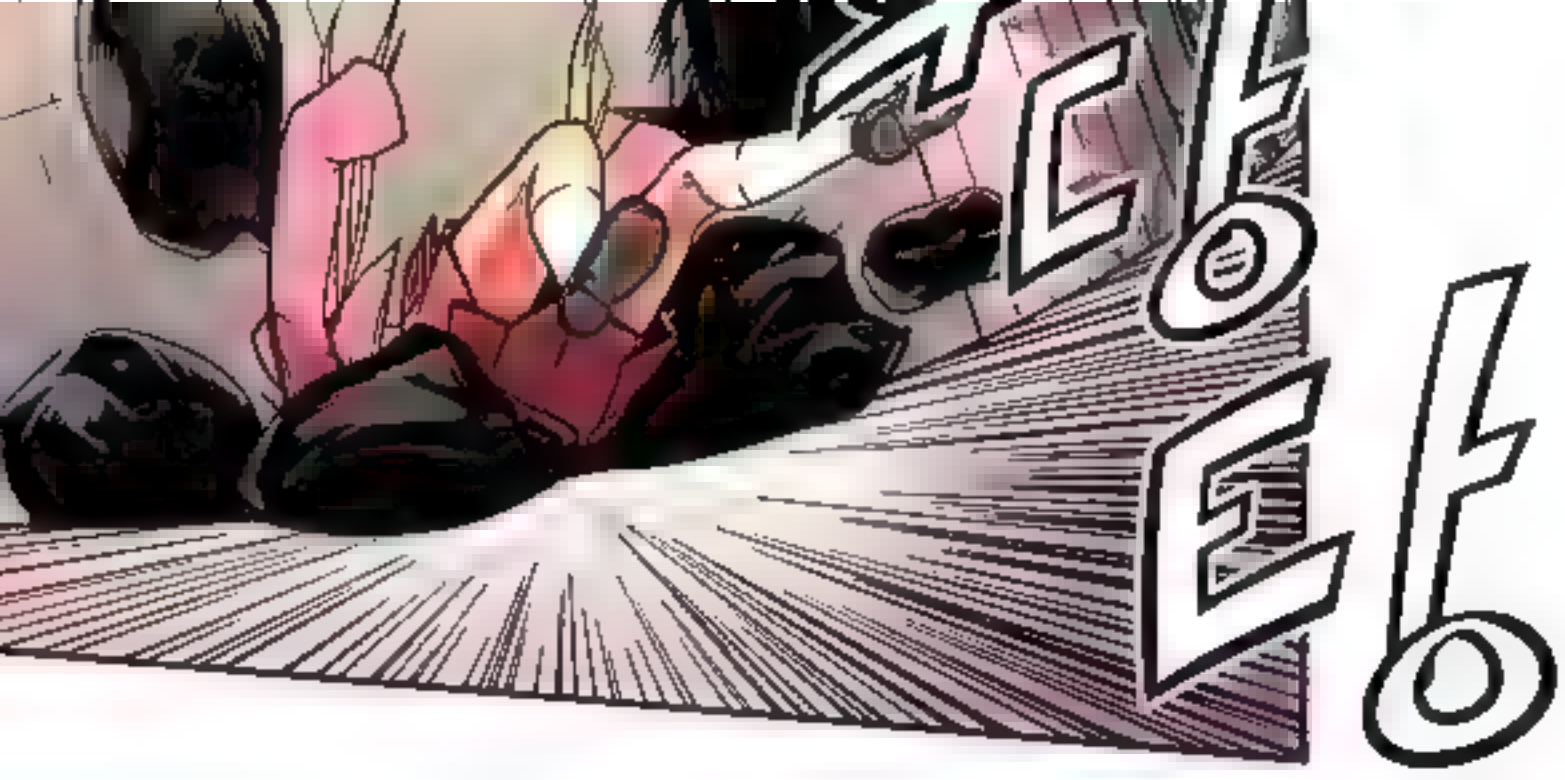
LOL, HAHA! Shouldn't we leave already?

Let me just kick this trash to the side! And don't listen to anything this crazy girl says!

Uh... you crazy girl, if I ever see you near him again... you won't be able to walk anymore!!

Shoo! Leave us right now!

What is.. happening..?



Can... someone explain to me...
Don't worry! This girl is probably an escaped patient from a mental institute! Let's just leave already!
But, can you tell me why she called you, unnie...?
Well, you can't really acknowledge that since crazy people often...,

Mistake others as someone they...!

Even after causing my poor boyfriend to bleed... I was just going to let you go with a fractured ribcage.

Since you cannot take a hint, I have no other choice. I am gonna pummel into you the reason why I am your senior.

Are you serious? The upper management would never have sent me if a certain someone...
Wait a minute...,

I just noticed that all this time, he acted like I was crazy for talking about assassins.

So that would mean that he doesn't know what you are.

!!!

What a joke..., this boyfriend that you like, you couldn't even tell him the truth....

?

Were you scared about how he would react?

Seriously oppa, I am impressed on how dense you can be, after seeing her stop my knife arm as well as deflect a bullet, but I will indulge your curiousity.

There is an organization of assassins called the League of Serpents.

They dispatched their highest ranking assassin <King Cobra> to take down a high priority target...,

That assassin is Song Mina...,

And you are the target~

His girlfriend's a master assassin!!?
